Insignia, City Ventures releases newest residential offering at The Ambassador Gardens in Pasadena

Insignia, City Ventures has announced the commencement of sales at The Grove at The Ambassador Gardens. A collection of 21 California Spanish-inspired flats, The Grove is the second offering of authentic enclaves at The Ambassador Gardens, a new residential community located in an historic garden setting, just two blocks from the heart of Old Pasadena. The first residences at The Ambassador Gardens, The Bungalows, are 80 percent sold and only two homes remain.

"Following the incredible sales success at The Bungalows, we are thrilled to welcome our next enclave to The Ambassador Gardens," said Mark Buckland, chief executive officer of City Ventures, parent company of Insignia. "Just like our homeowners at The Bungalows, The Grove homebuyers will have the opportunity to truly customize their living environment."

The ability to personalize a home from beginning to end is at the core of The Ambassador Gardens' homebuyer experience. True customization opportunities for each residence begin at The Studio, which is located on the

property. The Studio has partnered with some of the most experienced design consultants in the industry. Working with the on-site Director of Design, homeowners have access to the latest trends and selection of the finest quality furnishings, materials, amenities and features on the market.

"Our homebuyers at The Bungalows have really taken advantage of The Studio, finding unique solutions to customizing their residences to the exact specifications that fit their desires," Buckland said. "We expect a similar response from The Grove homebuyers."

The Grove is located off of South Orange Grove Boulevard and offers sweeping views of the Great Lawn, a 2.1 acre preserved open space on the property. Residences range from 2,252 to 3,294 square feet, with pricing from the mid-\$1 millions.

The Ambassador Gardens commenced sales in the fall of 2013 for its first new residential enclave, The Bungalows, a limited offering of 10 townhomes and flats with architecture inspired by historic Pasadena designs in Craftsman and English

Arts and Crafts styles. These residences, designed by William Hezmalhalch Architects, include living spaces that range from 1,933 to 3,352 square feet and offer gourmet kitchens, custom appointments and private elevators in select residences. Pricing for The Bungalows begins from the mid-\$1 millions and only two residences remain for sale.
